

*Inspiring and enabling our school community to live life to the full*

**YEAR 2**

**Subject: Computing**  
**Unit: Creating media**

We aim to equip pupils to use computational thinking and creativity to understand and change the world; to become digitally literate –using, and expressing themselves and developing their ideas through, information and communication technology. They will build on this knowledge and understanding, becoming equipped to use information technology to create programs, systems and a range of content– at a level suitable for the future workplace and as active participants in a digital world

**Characteristics of an Effective Learner**

Courage  
Commitment  
Collaboration  
Creativity  
Curiosity

<b>Prior Learning:</b> Year 1 creating media – digital painting: understanding of a range of digital painting tools	<b>Key Vocabulary taught in this unit:</b> Device, camera, photograph, capture, image, digital, landscape, portrait, framing, subject, compose, light source, flash, focus, background, editing, filter, format
<b>Intent: What do we want the children to know, be able to do by the time they complete this unit?</b> <ul style="list-style-type: none"><li>• Use technology purposefully to create, organise, store, manipulate, and retrieve digital content</li><li>• Recognise common uses of information technology beyond school</li><li>• Use technology safely and respectfully, keeping personal information private; identify where to go for help and support when they have concerns about content or contact on the internet or other online technologies</li></ul>	
<b>Impact / Outcome:</b> <b>What will the final product / result be?</b> The children will have a greater understanding of how photos are captured and can be manipulated for different purposes. They will be able to take and edit their own images and identify how their images differ from the original	
<b>P4C Inquiry (where appropriate)</b> N/A
